

**Caratteristiche tecniche:**

- Corpo monoblocco in acciaio carbonitrurato con trattamento anticorrosivo di nichelatura chimica
- Arco in acciaio cementato con trattamento di nichelatura chimica
- **Cilindro sostituibile e ricicrabile**
- Piastrino di protezione cilindretto in acciaio carbonitrurato
- Piastrino di protezione cilindro in acciaio carbonitrurato con trattamento di nichelatura chimica
- Protezione contro gli urti in Desmopan (per serie 28050)
- Chiavi con profilo LIM

**Dotazione:**

- 2 chiavi
